# DESIGNED in SASK

## Scavenger Hunt Clues

1. Named after a prominent spiritual and community leader, the ceiling of this intercultural student gathering place at the U of S was painted to represent the Indigenous Medicine Wheel. **Take your photo in front of the "fin wall".**

---

2. Once home to the EGADZ, the historical facade was revealed during the transformation of this downtown building. The numbers 301 add a modern touch. **Take your photo in front of the "1".**

---

3. This building rises up like a sail along the riverbank. It acts as a concession during the summer months for all the amazing riverfront events our city offers. **Take your photo with the stone wall.**

---

4. The Downtown Saskatoon skyline can be found on this brick wall mural downtown. Find it on your way to Diva's & Art Placement. **Take your photo with this masterpiece.**

---

5. What used to showcase some talented artists, is now the hub for kids to get creative, explore and learn. The logo for this "hub" was inspired by the building's unique roof-line. **Take your photo by the entry doors.**

---

6. It's never too cold for this frozen Italian treat. This Nutana business has a logo designed by a local graphic designer which features a dog in a top hat, inspired by the owner's love of pets and by the neighbourhood itself. **Take your photo with this dog on their sign out front.**

---

7. This Riversdale space is where you can get your morning coffee fix along with delicious food and treats made with farm to table ingredients from the home quarter. You will feel right at home in their farm house designed interior. **Take your photo with their business sign out front.**

---

8. Run on over to this shop where their team has the brains to fit you with the perfect pair of new kicks. **Take your photo with the motto walk.run.live.**

---

9. A swale runs through it! This trail-network, set in a new development in north-east Saskatoon, manages the residential stormwater and protects adjacent native prairie while providing active recreation to the neighbourhood. **Take your photo next to one of the trail wayfinding signs.**

---

10. A koi pond in summer and a skating rink in winter, this garden is a place to relax and unwind in the heart of Innovation Place. **Take your photo under the Pavilion structure.**

---

11. Slide, ski or tube at this winter destination for outdoor fun. **Take your photo with the hill visible in the background.**

---

12. Located in the centre of the Willowgrove neighbourhood, this public "square" is a park and gathering space that is surrounded by restaurants, shops and schools. **Take your photo by the clock tower.**

---
